Verite Sans Peur.

STEALS every Single Sixpence from the Salary of the **simple Sot**, and saps every sample of **sense** from his **sconce**, and sometimes seduces him to sever his soul from its skeleton shell by suicide. The **sipper** is sad, sorrowful, stupid, sulky, and sullen; the source of sorrow to his Spouse, Sons, Sisters, and Servants; is sadly scourged by sipping Sinful **Sips**, and slavishly Sacrifices his sole Silver Shilling for **Sups**, selling sometimes the Stock of his **Shop**, even his **Shirt, Shoes, and Stockings**, for the sake of satisfying his sensual servile **Stomach**, seldom satisfied, save in smothering or **suffocating** Symptoms of Suspension of Spirit: is the scourge and subversion of Sociality; is Sick, sickly, spleenful, splenetic, sorry, **sallow**, sanguinary, savage, saucy, scandalous, a scaramouch, scarecrow, scelerat; is scornful **scorbutic, scrofulous**, the scum of Social Sincere Society. He is seditious, senseless, sensual, shabby, seedy, shaking, shambling, shameful, shame-faced, Shatter-brained, sheepish, shy, shifting, shuffling, scuffling; scoffing at Sacred subjects; shameproof, and so shockingly **Short-sighted** that he shrinks from sustaining his System with seculent sauceges, sprats, steaks, salmon, savoury soups or any serviceable **Solid Substance**. He is sightless, silly, simple, skittish, slanderous, sluggish, slave; a slippery slobberer, **slighted** by the **sober**, swelled with swigging, and swelling stupidly swills and swells his system into stupefaction: being a slothful, slouching, slovenly sinner, he soon strives to Steal to satisfy **self**, then sluggishly swaggering, staring, staggering, spattering, scratches, scrawls, screams, smothers, smears, smuts, stifles strues, starts, stumbles, and splits his Skull, or smashes his shanks upon the stairs; is a sneaking, snarling, snarler, a snorting snoring, snorer; a soaking, sore, sottish sot, the sport of spruce, satirical Schoolboys, who stand stock still to stare at him or sling stones, sticks, stumps or stubble as they spy him spluttering, squalling, squinting, scrawling, splashing and sprawling, in spurious, sinks and sloughs, or stagnant streams: singled out and separated from Saints of every sect, for sure he shews no staunch specimen of scriptural sedateness or **SOBRIETY**; he seldom **sanctifies** the **sabbath**, but scorns, scoffs, or spurns all sanctifying spiritual Sermons of the Sage. The **sun** scarcely shines on him, for he sits or skulks secretly sipping in the **SHADE**, and so severed from **sound sense**, that he **SELLS** his **soul** to **SATAN** for **spirits**.

Such is the state of the swigger submersed in
